

Continuous Education in Radiation Protection					
Courses in 2023 recognized					
Organizational Body	Date	Organization	Title	Location	# Units of Instruction
BAG	31.3.2023	KSR Seminar	Sind wir auf radiologische Notfälle vorbereitet?	Bern	6
ÖGMP-DGMP-SGSMF	23-28.04.2023	Winterschule Picht für Med. Physik	CT and Intervention	Picht	7
ARRAD	28.04.2023	ARRAD	Assemblée générale ARRAD	Lisieux	1
SCR	22-24.06.2023	SCR 23	Swiss Congress of Radiology	Darwin	2
ESMPE	27-30.06.2023	EFOMP	International Conference on Education and Training in Radiation Protection	Umeå	8
ESMPE	Aug 23	European Network for Training and Education of Medical Physics Experts	Optimizing the performing of xray imaging units	Online/ Guldorf/ Chêne/ Nijmegen	8
ESMPE	Aug 23	European Network for Training and Education of Medical Physics Experts	Achieving higher quality in breast X-ray imaging	Online/ Nijmegen	8
ECMP	11-14.09.2023	European Congress of Medical Physics	5th European Congress of Medical Physics Joint Conference of the DGMP, ÖGMP & SGSMF	München	8
Fachverband für Strahlenschutz	18-23.09.2023	ÖVS - FS	Advanced QA protocols: use and development: Going beyond existing or outdated QC standards	München	10
EUTEMPE	1.9.2023	European Network for Training and Education of Medical Physics Experts	Online/ Leuven	Online/ Leuven	8
BAG	12.09.2023	Nationaler Strahlenschutz-Tag in der Medizin	Medizinische Strahlenergiepreise und Patientensicherheit	Bern	6
SSRMP	20.09.2023	SSRMP Annual Meeting		Lausanne	8
ARRAD	24.11.2023	ARRAD	Communication du risque radiologique	Lausanne	8
Additional courses recognized as they can be done at any time					
IAEA			Safety & Quality in Radiotherapy Radiation Protection in Interventional Procedures: Practical Tutorials Diagnostic Reference Levels in Medical Imaging Radiation Dose Management in Computed Tomography Radiation protection in fluoroscopy guided interventional procedures Tips & Tricks: Radiation Protection in Radiography		8 8 8 8 8 2
IAEA/ÖMPE/EFOMP		Webinar on radiation protection			1
CMi Experts GmbH		https://www.medphysik.ch/webinare.html	Various modules		1
IRA		Cours de perfectionnement - experts en radioprotection			8
PSI		Amerikante Fortbildung für Strahlenschutzachverständige			8
PSI		Verminderung hoher Extremitätsdosen bei Umgang mit radioaktiven Stoffen in der Nuklearmedizin			8
SUVA		Fortbildung in Strahlenschutz / Cours de formation continue en radioprotection			8
Hospital internal continuous education trainings as recognized by the FOHP					
https://www.bag.admin.ch/dam/bag/ob/bueroemte/dt/forn/ausbildung/interne-fortbildungen/download/df/Ankerkont%20Fortbildung%20%202024.pdf					
CHUV - Service de médecine nucléaire et imagerie moléculaire					
Erte Ospedaliere Cantonale					
Institut de radiophysique Lausanne					
Luzerner Kantonsspital - Abteilung Strahlenschutz / Institut für Radiologie und Nuklearmedizin					
Städtisches Zürich Triemli					
Universitätsspital Basel - Radiologische Physik / Klinik für Radiologie und Nuklearmedizin					
Universitätsspital Zürich - Klinik für Nuklearmedizin					
Zentrum für Protonentherapie am Paul Scherrer Institut					
Courses in the past recognized as continuous education in radiation protection					
Organizational Body	Date	Organization	Title	Location	# Units of Instruction
2022					
ESMPE	10-12.02.2022	European School for Medical Physics Experts	Radiation Shielding in Medical Installations	Prague/CN	8
BAG	25.03.2022	KSR Seminar	A glance at current dosimetry topics	Bern/CH	2
SCR	23-25.06.2022	SCR 22	Swiss Congress of Radiology	Fribourg	2
INPA	30.05-03.06.2022	International radiation protection association	6th European Congress on Radiation Protection	Belgien	8
ÖGMP-DGMP-SGSMF	19-24.06.2022	Winterschule Picht für Med. Physik	Medizinische Physik in der Strahlentherapie	Picht	8
ESMPE	17.08.2022	European School for Medical Physics Experts	adaptive radiotherapy: rto and lms or in-room an out-of-room	Dublin	6
ESMPE	17.08.2022	European School for Medical Physics Experts	PET/CT and PET/MR Quality Control Protocol	Dublin	6
IAEA	05-09/09/2022	IAEA	International Conference on Occupational Radiation Protection	Geneva	8
BAG	12.09.2022	Nationaler Strahlenschutz-Tag in der Medizin	Medizinische Strahlenergiepreise und Patientensicherheit	Bern	8
EUTEMPE	12-15.09.2022	European Network for Training and Education of Medical Physics Experts	Occupational dosimetry in diagnostic and interventional radiology	Braunschweig	8
Fachverband für Strahlenschutz	26-30.09.2022	Fachverband für Strahlenschutz	Personal dosimetry and competences for MPE with RPE responsibilities Jahrestagung des Fachverbandes 2022	Konstanz	8
EUTEMPE	24-28.10.2022	European Network for Training and Education of Medical Physics Experts	Achieving higher quality in breast X-ray imaging	Braunschweig	8
SSRMP	27-28.10.2022	SSRMP Annual Meeting		Thun	8
EUTEMPE	14-18.11.2022	European Network for Training and Education of Medical Physics Experts	Advanced QA protocols: use and development: Going beyond existing or outdated QC standards	Braunschweig	8
ARRAD	25.11.2022	ARRAD	Journée thématique	Lausanne	4
2021					
BAG	29/11/2021	BAG	4th National Day on Radiation Protection in the Medical Field	Bern	8
EFOMP	11/04/2021	Europ. School of Med. Physics Experts	Individual Dosimetry in Medical Applications	Lithuania	8
SSRMP	25/10/2021	Continuous Education Day	Challenges of medical physicists in the operating theatre	Bern	8
SSRMP	19-22/09/2021	Annual Meeting, i.e. Dreiländertagung in 2021		Online	8
EFOMP	16/6/2021	Europ. School of Med. Physics Experts	Nuclear Medicine Dosimetry	Torino/O	8
EFOMP	16/6/2021	Europ. School of Med. Physics Experts	Patient Specific QA in RT	Torino/O	8
KSR	29/1/2021	KSR Seminar	Radiation Protection in Medicine	Webinar	8
ETRAP	23.-26.03.2021	Belgian Nuclear Research Centre	7th Int. Conf. on Education and Training in Radiation Protection	Webinar	8
SSRMP	20-22.01.2021	Inselspital	Dosimetry-Guided Treatment Planning for Radionuclide Therapy	Webinar	17
2020					
ARRAD	10.01.2020	Journées thématiques	Dosimétrie interne et externe des professionnels exposés aux radiations	Lausanne	7
EFOMP	23.-25.01.2020	Europ. School of Med. Physics Experts	Innovation in Technology in Nuclear Medicine	Prague	8
ÖGMP-DGMP-SGSMF	08.-13.03.2020	Winterschule Picht für Med. Physik	Strahlentherapie mit Schwerpunkt Biologische Planung	Picht	8
ARRAD	27.11.2020	Assemblée générale	Thèmes divers	Webinar	8
2019					
EFOMP	24.-26.01.2019	Europ. School of Med. Physics Experts	Nuclear Medicine Dosimetry, practical approach	Prague	8
ÖGMP-DGMP-SGSMF	03.-08.03.2019	Winterschule Picht für Med. Physik	Therapeutische Verfahren in der Nuklearmedizin	Picht	8
ÖGMP-DGMP-SGSMF	10.-15.03.2019	Winterschule Picht für Med. Physik	KIGT + Hybridgeräte	Picht	8
KSR	14.06.2019	KSR Seminar	Wirkung ionisierender Strahlung im Niedrigdosisbereich	Bern	8
EFOMP	04.-06.07.2019	Europ. School of Med. Physics Experts	State of the Art and new Trends of Angiographic Equipment: Image quality, Patient and Staff dosimetry	Prague	8
SSRMP	25.10.2019	Continuous Education Day	Radiation protection training/education - current challenges/solutions	Bern	8
IRA	11.12.2019	Réunion annuelle d'information en radioprotection		Lausanne	4
2018					
EFOMP	25.-27.01.2018	Europ. School of Med. Physics Experts	Computed Tomography, Technology, Dosimetry, Optimization	Prague	8
ÖGMP-DGMP-SGSMF	12.-16.03.2018	Winterschule Picht für Med. Physik	Monte Carlo Methoden bei der Anwendung ionisierender Strahlung in der Medizin	Picht	8
ÖGMP-DGMP-SGSMF	19.-23.03.2018	Winterschule Picht für Med. Physik	Medizinphysik in der Strahlentherapie	Picht	8
ÖGMP-DGMP-SGSMF	19.-23.03.2018	Nationaler Strahlenschutztag		Bern	8
BAG	21.08/2018	Europ. School of Med. Physics Experts	Fundamentals of Nuclear Medicine Dosimetry	Copenha	8
EFOMP	22/8/2018	Education Course	Medical physics in Nuclear Medicine	Aarau	8
SSRMP	27.-28.09.2018	Réunion annuelle d'information en radioprotection		Lausanne	4
IRA	05.12.2018			Lausanne	4
