

CWF surveys: Request for use of data

A request must be submitted to the FOPH for the rights to use one or more sets of data from the International Health Policy Survey (IHP) conducted by the Commonwealth Fund (CWF). A corresponding request must be addressed to the Evaluation and Research Service; this must contain the following details:

- name of the person requesting the rights of use
- persons commissioning the research, where appropriate
- brief description of the project (context in which the data is to be used); project management and other persons working with the data; project duration
- duration of the requested rights of use, specifying dates
- aim and purpose of data use, including questions
- data sets requested (as of 2004 the data sets are available in SPSS format)
- brief description of the planned data analysis
- planned publications

After approval of a request, the corresponding data set will be sent by e-mail in encrypted form to the person requesting the data. The data is supplied free of charge

Please send the complete and signed request by e-mail to forschung@bag.admin.ch
