<sup>1</sup> Since 2012 the full contribution to the medical insurance premium awarded to those receiving supplementary benefits (EL) and/or social assistance no longer counts as a premium reduction in the canton of Bern. This means that the figures from 2012 are not entirely comparable with the figures from previous years. <sup>2</sup> Including depreciation. <sup>3</sup> The 2012 values are not comparable with those of previous years owing to the release of hidden reserves.
