

Continuous Education in Radiation Protection

Courses in 2022 recognized

Organizational Body	Date	Organization	Title	Location	# Units of Instruction
ESMPE	10-12.02.2022	European School for Medical Physics Experts	Radiation Shielding in Medical Installations	Prague/Online	8
BAG	25.03.2022	KSR Seminar	A glance at current dosimetry topics	Bern/Online	8
SCR	23-25.06.2022	SCR 22	Swiss Congress of Radiology	Fribourg	2
IRPA	30.05-03.06.2022	International radiation protection association	6th European Congress on Radiation Protection	Budapest	8
ÖGMP-DGMP-SGSMF	19-24.06.2022	Winterschule Pichl für Med. Physik	Medizinische Physik in der Strahlentherapie	Pichl	8
ESMPE	17.08.2022	European School for Medical Physics Experts	Adaptive Radiotherapy: Pros and Cons of in-room and out-of-room Imaging	Dublin	6
ESMPE	17.08.2022	European School for Medical Physics Experts	PET/CT and PET/MR Quality Control Protocol	Dublin	6
IAEA	05-09/09/2022	IAEA	International Conference on Occupational Radiation Protection	Geneva	8
BAG	12.09.2022	Nationaler Strahlenschutz-Tag in der Medizin	Medizinische Strahlenergebnisse und Patientensicherheit	Bern	8
EUTEMPE	12-15.09.2022	European Network for Training and Education of Medical Physics Experts	Occupational dosimetry in diagnostic and interventional radiology. Personnel dosimetry and competences for MPE with RPE responsibilities	Braunschweig	8
Fachverband für Strahlensch	26-30.09.2022	Fachverband für Strahlenschutz	Jahrestagung des Fachverbandes 2022	Konstanz	8
EUTEMPE	24-28.10.2022	European Network for Training and Education of Medical Physics Experts	Achieving higher quality in breast X-ray imaging	Braunschweig	8
SSRMP	27-28.10.2022	SSRMP Annual Meeting	55th SSRMP Annual Meeting	Thun	8
EUTEMPE	14-18.11.2022	European Network for Training and Education of Medical Physics Experts	Advanced QA protocols: use and development. Going beyond existing or outdated QC standards	Braunschweig	8

Additional courses recognized as they can be done at any time

IAEA			Safety & Quality in Radiotherapy Radiation Protection in Interventional Procedures: Practical Tutorials Diagnostic Reference Levels in Medical Imaging Radiation Dose Management in Computed Tomography Radiation protection in fluoroscopy guided interventional procedures Tips & Tricks: Radiation Protection in Radiography		7 8 8 7 8 2
IAEA/IOMP/EFOMP CMI Experts GmbH		Webinar on radiation protection https://www.medizinphysik.ch/webinare.html	Various modules		1
IRA		Cours de perfectionnement - experts en radioprotection		Lausanne	8
PSI		Anerkannte Fortbildung für Strahlenschutzsachverständige		Villigen PSI	8
PSI		Vermeidung hoher Extremitätendosen beim Umgang mit radioaktiven Stoffen in der Nuklearmedizin		Villigen PSI	8
SUVA		Fortbildung im Strahlenschutz / Cours de formation		Lausanne / Luze	8

Courses in the past recognized as continuous education in radiation protection

Organizational Body	Date	Organization	Title	Location	# Units of Instruction
2021					
BAG	29/11/2021	BAG	4th National Day on Radiation Protection in the Medical Field	Bern	8
EFOMP	11.04.2021	Europ. School of Med. Physics Experts	Individual Dosimetry in Medical Applications	Lithuania	8
SSRMP	25/10/2021	Continuous Education Day	Challenges of medical physicists in the operating theatre	Bern	8
SSRMP	19-22/09/2021	Annual Meeting, i.e. Dreitändertagung in 2021		Online	8
EFOMP	16/6/2021	Europ. School of Med. Physics Experts	Nuclear Medicine Dosimetry	Torino/Online	8
EFOMP	16/6/2021	Europ. School of Med. Physics Experts	Patient Specific QA in RT	Torino/Online	8
KSR	29/1/2021	KSR Seminar	Radiation Protection in Medicine	Webinar	8
ETRAP	23-28.03.2021	Belgian Nuclear Research Centre	7th Int. Conf. on Education and Training in Radiation Protection	Webinar	8
SSRMP	20-22.01.2021	Insel-Spital	Dosimetry-Guided Treatment Planning for Radionuclide Therapy	Webinar	17
2020					
ARRAD	10.01.2020	Journée thématique	Dosimétrie interne et externe des professionnels exposés aux radiations	Lausanne	7
EFOMP	23-25.01.2020	Europ. School of Med. Physics Experts	Innovation in technology in Nuclear Medicine	Prague	8
ÖGMP-DGMP-SG	08-13.03.2020	Winterschule Pichl für Med. Physik	Strahlentherapie mit Schwerpunkt Biologische Planung	Pichl	8
2019					
EFOMP	24-26.01.2019	Europ. School of Med. Physics Experts	Nuclear Medicine Dosimetry, practical approach	Prague	8
ÖGMP-DGMP-SG	03-08.03.2019	Winterschule Pichl für Med. Physik	Therapeutische Verfahren in der Nuklearmedizin	Pichl	8
ÖGMP-DGMP-SG	10-15.03.2019	Winterschule Pichl für Med. Physik	IGRT + Hybridgeräte	Pichl	8
KSR	14.06.2019	KSR Seminar	Wirkung ionisierender Strahlung im Niedrigdosisbereich	Bern	8
EFOMP	04-06.07.2019	Europ. School of Med. Physics Experts	State of the Art and new Trends of Angiographic Equipment: Image quality, Patient and Staff dosimetry	Prague	8
SSRMP	25.10.2019	Continuous Education Day	Radiation protection training/education – current challenges/solutions	Bern	8
IRA	11.12.2019	Réunion annuelle d'information en radioprotection		Lausanne	4
2018					
EFOMP	25-27.01.2018	Europ. School of Med. Physics Experts	Computed Tomography, Technology, Dosimetry, Optimization	Prague	8
ÖGMP-DGMP-SG	12-16.03.2018	Winterschule Pichl für Med. Physik	Monte Carlo Methoden bei der Anwendung ionisierender Strahlung in der Medizin	Pichl	8
ÖGMP-DGMP-SG	19-23.03.2018	Winterschule Pichl für Med. Physik	Medizinphysik in der Strahlentherapie	Pichl	8
BAG	21/8/2018	Nationaler Strahlenschutztag		Bern	8
EFOMP	22/8/2018	Europ. School of Med. Physics Experts	Fundamentals of Nuclear Medicine Dosimetry	Copenhagen	8
SSRMP	27-28.09.2018	Education Course	Medical physics in Nuclear Medicine	Aarau	8
IRA	05.12.2018	Réunion annuelle d'information en radioprotection		Lausanne	4
