

Malattie infettive e agenti patogeni soggetti all’obbligo di dichiarazione

Quadro sinottico 2025

Antrace <i>Bacillus anthracis</i> 	Difterite <i>Corynebacterium diphtheriae</i> e altri corinebatteri che producono la tossina 	Febbre di Crimea-Congo Virus di Crimea-Congo 	Infezione da virus Zika Virus Zika 	Malattie invasive da meningococco <i>Neisseria meningitidis</i> 	Salmonellosi <i>Salmonella</i> spp. 
Botulismo <i>Clostridium botulinum</i> 	Enterobatteri produttori di carbapenemasi (CPE) 	Febbre di Lassa Virus di lassa 	Influenza stagionale Virus Influenza 	Malattie invasive da pneumococco <i>Streptococcus pneumoniae</i> 	SARS SARS-CoV 
Brucellosi <i>Brucella</i> spp. 	Epatite A Virus dell’epatite A 	Febbre emorragica coreana Virus Hantaan 	Influenza, nuovo sottotipo Virus Influenza A HxNy (potenzialmente pandemico) 	MERS MERS-CoV 	Shigellosi <i>Shigella</i> spp. 
Campilobacteriosi <i>Campylobacter</i> spp. 	Epatite B Virus dell’epatite B 	Febbre gialla Virus della febbre gialla 	Legionellosi <i>Legionella</i> spp. 	MEVE Virus della meningoencefalite da zecche 	Sifilide <i>Treponema pallidum</i> 
Chikungunya Virus chikungunya 	Epatite C Virus dell’epatite C 	Febbre Q <i>Coxiella burnetii</i> 	Listeriosi <i>Listeria monocytogenes</i> 	Morbillo Virus del morbillo 	Tetano <i>Clostridium tetani</i> 
Clamidiosi <i>Chlamydia trachomatis</i> 	Epatite E Virus dell’epatite E 	Gonorrea <i>Neisseria gonorrhoeae</i> 	Malaria <i>Plasmodium</i> spp. 	Mpox Mpox-Virus 	Tifo addominale/ paratifo <i>Salmonella typhi</i> / paratyphi 
Colera <i>Vibrio cholerae</i> 	Febbre del Nilo occidentale Virus del Nilo occidentale 	Infezione da EHEC EHEC, STEC, VTEC 	Malattia da virus Ebola Virus Ebola 	Peste <i>Yersinia pestis</i> 	Trichinellosi <i>Trichinella spiralis</i> 
COVID-19 SARS-CoV-2 	Febbre dengue Virus della dengue 	Infezione HIV/ Aids Virus della immunodeficienza umana 	Malattia da virus Marburg Virus di Marburgo 	Poliomielite Virus della poliomielite 	Tuberculosis Complesso <i>Mycobacterium tuberculosis</i> 
			Malattia di Creutzfeldt-Jakob Prioni 	Rabbia Virus della rabbia 	Tularemia <i>Francisella tularensis</i> 
			Malattie invasive da Haemophilus influenzae 	Rosolia Virus della rosolia 	Vaiolo Virus della vaiolo
